

# Summer Splash

## Welcome to the 2019 Summer Meals Program!

This year we have many returning and new sites that will provide thousands of children with delicious, healthy meals this summer.

We would like to thank you all for your incredible service and commitment to helping the children of Philadelphia and the surrounding counties.

Please keep an eye out for our Summer Splash newsletters- they will contain helpful information regarding the Summer Meals program as well as activities and ideas to help enrich your summer program for the children!

Keep reading for some tips and reminders for both new and returning sites!

# Helpful Tips

## Delivery Reminder!

Someone from your site must be present at your site during the delivery window.

All delivery tickets must be signed by both the driver and someone at your site. Be sure to count meal items and make note of any differences on the delivery ticket before signing. After the driver leaves, don't forget to take your milk temperature and record it on the delivery ticket!

## Earliest Delivery Time

Lunch Serve Time

Your delivery will arrive between your **Earliest Delivery Time** and the start of your **Lunch Serve Time**. This is called your **delivery window!**

Be sure to us call by  
**1:00 pm** to make  
changes to the next  
day's delivery!  
**Call 215-894-3470**  
**Option 1**

## During Serve Time...

Remember, all meal components must be taken by each child in order for the meal to be counted on the yellow Point of Service Sheet.

Encourage kids to try new foods!

Follow the "First In, First Out" rule to minimize loss and food waste.

## Don't skip your reporting!

Always fill out the **YELLOW** Point of Service during meal times, and use *these* numbers to fill in the **GREEN** Daily Summary Reports.

The Point of Service sheet and the delivery tickets are source documents. Keep these safe and organized at your site. Monitors will ask for them. Feel free to call us with any questions or concerns!
