Nutritional Development Services- Archdiocese of Philadelphia

SUMMER MEALS PROGRAM

The Summer Meals Program is a federally-funded, state-administered program, which provides children and teens with daily healthy meals. Meals are provided at no cost to youth 18 years old and under. The Summer Meals Program makes a huge impact on children when school is not in session to ensure children have continued access to healthy and nutritious meals.

Nutritional Development Services (NDS), is a sponsor of the Summer Meals Program. We work with community partners, who become meals sites. NDS provides the food directly to the site and the meal site serves meals to the children of their community.

SUMMER MEALS SITE

A site is the physical location, which is approved by the State agency, where program meals are served during a designated time period determined by the site.

A site can be anywhere where children gather! Examples may include camps, churches, designated outdoor areas, apartment and townhouse community rooms, theaters, WIC centers, libraries, etc.
