Grow Your Garden

April is a month full of new life, blooming plants, and fresh starts; the perfect time to make your own flower pot! You can decorate a store-bought pot with bright colors and fun designs, or create your own using recycled items like plastic bottles, egg cartons, or milk cartons. After your pot is ready, plant something easy to grow, like a sunflower seed, lettuce, or herbs, and watch it sprout as the days get warmer. If planting isn't your thing, you can still join the fun by making a handprint flower pot. Scan the QR code for a tutorial! It's a great way to celebrate spring and help the Earth by reusing materials.
